CONGRESS

**FEARLESS. FOCUSED. FIGHTER.**

“ From fighting back tax increases, protecting our Second Amendment rights & sticking up for family values – **I’ve kept my promise in Concord as the ‘conservative conscience’ of the State Senate.** In Washington, I’ll do the same. In Washington, there’s even more threats to our freedoms and more work to do – but I’m up for the task. **I hope I can count on your vote for Congress.** I’m the only candidate with a proven record of keeping my commitments. ”

## Small Business Owner, Proven Conservative Who Wins.

Fourth generation Granite Stater, Andy Sanborn, has served 4 terms in the State Senate as our state's 'conservative conscience' – fighting for free markets and individual liberties. A small business owner, Andy understands the importance of keeping his promises to his customers and his constituents. Andy lives in Bedford with his wife, Laurie, and is a graduate of New England College.

## A Conservative Commitment

**SECURE OUR BORDERS** – We must enforce our laws. In Concord, I even fought weak Republicans to stop taxpayer-funded job training for illegal immigrants.

**CUT YOUR TAXES** – Republicans pat themselves on the back for stopping tax increases. As your Congressman, I'll not only stop tax increases, but I'll also work to lower taxes for New Hampshire's families.

**PROTECT OUR RIGHTS** – From religious freedom to Second Amendment rights and free speech, I won't compromise or capitulate when it comes to our rights.

**REPEAL OBAMACARE** – Stop the knee jerking and political pandering. Republicans promised a full repeal and that's what we must deliver.

**IMPLEMENT TERM LIMITS** – Like President Trump, I support term limits so we can ensure politicians are accountable to the people and not party or special interests.
